Dear Valued Customer,

In response to your recent request regarding the "FDA" status of AmTopp's BOPP film products we wish to offer the following information. All of AmTopp's clear, metallized, matte, and white packaging grade films have been formulated to achieve the desired end product physical properties and to be used for their intended purpose.

AmTopp guarantees that our clear, metallized, matte, and white packaging grade BOPP products (excluding PW) which are hereafter shipped or delivered to, or on the order of the above listed purchaser, as of the date of such shipment of delivery and subject to the conditions of use or other restrictions if any, are not adulterated or misbranded within the meaning of the Federal Food, Drug, and Cosmetic Act, as amended.

AmTopp packaging grade BOPP products comply with the following Food and Drug Administration Regulations:

21 CFR **177.1520** (c) (1.1) and (3.1): This regulation describes polypropylene and olefin copolymers that can be safely used in articles used for packaging or holding food at low temperatures and/or room temperatures.

21 CFR **178.2010**: This regulation lists antioxidants and/or stabilizers for polymers which may be safely used for the manufacture of articles which come into direct contact with food.

21 CFR **178.3130**: This regulation lists antistatic and/or antifogging agents which may be safely used for the manufacture of articles which come into direct contact with food.

For and on behalf of AmTopp,  
**Valerie Kaiser**
