IBS introduces a *NEW GENERATION OF GLOVES...*

We are excited to launch a New Generation of Gloves called **Inte-Fit®**. This new unique glove will be great addition to our current glove program. The gloves are made from LDPE with a special polymer that gives it the extra stretchability and flexibility. Few of the features and benefits:

Inte-Fit® are environmentally friendly as they are 100% recyclable and the slim box packaging material is reduced by 25% vs. the traditional vinyl glove boxes.

Inte-Fit® gloves has no latex, no vinyl, no powder to cause allergic reactions.

Inte-Fit® gloves are a great alternative to Vinyl and Latex gloves.

Inte-Fit® gloves conform to FDA compliance for food contact and food handling.

Inte-Fit® can be used in food preparations, bakeries, housekeeping, office cleaning, supermarkets, and other general purpose use.

Inte-Fit® gloves are the right glove for the time...Go get yourself a pair.

Please more information, please contact your Inteplast Sales Representative or
Vinod Ghumwala –Product Development Mgr.
