IN GOOD TASTE: TAMPER-EVIDENT BAGS MEAN A WORRY-FREE DELIVERY

Adhesive strip seals food; contents arrive free and clear of contamination

LIVINGSTON, NJ – November 14, 2018 – Just in time for the holidays from Inteplast Group: the Tamper-Evident Carry Out (**TECO**[™]) bag. Restaurants, takeout, and even grocery stores can ensure that all outgoing orders are signed, sealed, and delivered so that customers receive the quantity and quality for which their brand is known. It's a win-win for the brand behind the wheel and the patron in front of the plate.

“People take great care in picking their food. They should have confidence in knowing that the selection will be delivered untampered with and sealed from its source to the final destination,” said **Vinod Ghumwala**, foodservice product development manager. “Third party delivery bags support a service that continues to be a growing trend and does come with a certain risk with your meal being a ‘finger food’ for the drivers. Our unique **TECO**[™] takeout bags are the ideal solution.”

Restaurants will take pride in reassuring their patrons with sealed packaging for their food, which arrives untampered with and contains only those items ordered via telephone or online. Our **Reddi-2-Go**[®] bags are suitable for a family-sized meal and work with an array of containers, whether the customer is hosting an office meeting or celebrating with a houseful of family and friends.

Via a nifty write-on block (optional), kitchen or café staff can note special instructions for delivery and/or destination. This is especially helpful for trainees or deliveries during high-traffic times or events, when drivers may need additional organizational support.

TECO[™] Bag Perks

- Tamper-evident adhesive strip seals contents
- No-fuss, user-friendly opening upon delivery
- Ventilation removes excess air
- Strong handles for quick, safe handling
- Wide opening to fit various containers

This patent-pending bag allows an array of industry professionals – from restaurateurs and caterers to hospitality institutions and supermarkets – to gain *and* provide peace of mind to their customers.

About Inteplast Group
